

WHICH BANK

Did you ever look at it this way? ANY bank can take care of your business in easy times, when there is plenty of money—when you have plenty yourself perhaps—but when money is scarce you will find that some banks can not serve you. Then you find that you have to go to the STRONG bank for accommodations. Don't you suppose that it would be PRACTICAL for you to give your business at all times to the bank that takes care of its customers when they really need assistance? THINK IT OVER.

Bud McDonald, of Hinkledale, is reported dangerously sick again this week. He was bad sick several weeks ago, but improved and was thought to be on the road to recovery, but was taken worse again.

The children of M. D. Carnal, deceased, wish to express their thanks and appreciation to their neighbors and friends for the many acts of kindness shown them during the sickness and after the death of their father.

The roof of Billie Carnal's barn was blown off during the storm last Monday night. Henry Springer's barn was blown down. The wind was pretty heavy all over the county and quite a lot of damage in a small way was done.

Mrs. J. B. Vickrey and two little boys, from Memphis, are at the home of G. W. Tucker, Mrs. Vickrey's father. Mrs. Vickrey also has two daughters, Misses Hazel and Helen, in school here.

FAIR APPROPRIATION

The Quarterly Court Reconsiders Its Former Action.

The county court last Monday reconsidered its action of the October term in appropriating \$500 to the county fair to be used in premiums in the agricultural, stock raising and poultry departments, and killed the appropriation.

This is about as small a piece of business as the court has been guilty of doing in a long while. We thought the court too progressive to play the baby act in such a way.

The matter was brought up by Harve Blair, but having voted against the proposition at first he was out of order. His associate, G. W. Foster, road commissioner of the county, who claimed he had voted both ways before, then made the motion. The vote was light on both sides, many failing to vote.

Both Blair and Foster are from the eighth district. Some of their constituents had likely complained at this extravagant expenditure of the county's money. It would have cost that district about \$2.50 and that was too much money for their constituents to spend toward building up the agricultural, poultry and stock raising interests of the county. Mr. Blair is a mail carrier and Mr. Foster a road builder and they preferred to see the money dumped into some mud hole. The eighth has some progressive citizens who will doubtless deplore this action, but their J. P.'s may have the satisfaction of knowing that they tried to kill the county fair to save the district \$2.50.

THE FLOODS

Doing Great Damage to Both Lives and Property.

The waters along the Mississippi and tributary streams are higher than ever known before. Much damage is being done to property and life. Levees are giving way at several points and the end is not in sight.

At Hickman, Ky., 2.00 are homeless and many without food. Damage over \$150,000. Outside aid is being called for.

At Memphis over 1,200 are driven from their homes. Damages over \$250,000. Many towns and farm communities in the vicinity of Memphis are suffering heavily and likely at any time to be inundated.

The engineers have stated that the levees will break and residents in the lowlands are warned to flee for shelter, and thousands of people are leaving their homes.

There is no estimating the loss likely to be sustained before the waters subside.

Monday's Banner says: A very appreciative audience heard Mr. Vernon T. Grizzard, state secretary of the Y. M. C. A., yesterday, when he gave his special address of "The Challenge of the Hour." The lecture was replete with inspiring thoughts and was presented in a forceful manner. After the talk a program was given by the men's chorus, and included several solos and quartettes.

SOCIETY

Delta Theta Epsilon.

Miss Jessie Hubbard entertained the Delta Theta Epsilon club last Friday evening in a most delightful manner.

Upon arriving the guests were served fruit punch by Mrs. Hubbard. Tones of yellow and green were emphasized in the house decorations of jonquils and ferns.

The original contest on "The Girls of the Club" afforded much enjoyment. The first prize, a souvenir spoon was won by Mrs. James Johnson, the consolation also a spoon by Miss Virginia Lee.

The table in the dining room had a cover of Irish crochet over yellow and as a central ornament a plaque of jonquils. Mesdames Ernest Hawkins and O. C. Tidwell served the two-course menu, in which the tones of green and yellow appeared again.

Miss Hubbard was assisted by her mother and Mrs. J. T. Peeler.

The next meeting will be with Mrs. James Johnson, April 12.

Book Lovers Club.

Mrs. R. A. Greene was hostess of an enjoyable meeting of the Book Lovers Club and other friends Thursday afternoon of last week, at her home on Nashville street. The house was prettily decorated with spring blossoms, whose golden color gave a welcome tone of sunshine within in striking contrast to the weather without. Mrs. Greene was ably assisted in welcoming and entertaining her guests by Mrs. J. B. Cox, Mrs. Mada Hilliard, and Misses Virginia Lee, Frances Cox, Helen Hilliard and Lillian Foster.

The main feature of the afternoon was a contest on spring topics. Mrs. J. H. McCall won the club prize, a dainty fan, and Mrs. Caleb Watson the visitors' prize, a picture from the brush of the hostess. One progression during the contest was to the dining room, where delicious refreshments were served.

The next meeting will be held with Mrs. O. C. Tidwell.

Bovine Sagacity.

While seated at the breakfast table a few mornings since the family were alarmed by the loud bellowing of their cattle in the barn yard. Upon investigation they found two cocks engaged in mortal combat, and a mule cow was butting at them and bellowing and a cow on each side was pawing the ground and bellowing. Muly succeeded at last in separating the pugilists and each cow chased the two cocks in different directions. After awhile the cock-reels, so bent on bloody warfare, resumed their combat. Again muly and her body-guard separated them in the same manner, except the two horned cows chased the cocks from the barn-yard. This really occurred on a farm three miles north of town, and is no fabrication.

S. F. HOLCOMB

KING DULUTH

THIS FINE
STALLION

is six years old this spring and is a fine saddle and harness horse. He is out of a splendid Proctor Knott mare by Old King Duluth. He is a fine color, good size and one of the best quality horses I ever owned. I purchased him at Milan. He will make the present season at my barn 4 miles south of Huntingdon at \$10 to insure a living foal. Money due when fact is ascertained or mare traded. All care will be taken to prevent accidents but not liable should any occur.

I also have two fine jacks I will stand at the same place under the same conditions as my horse, except the price, which will be \$3.00 each.

BOB HILL, my Middle Tennessee jack, 8 years old, jet black with white points, 15 hands high tape measure, has proven himself as fine a breeder as there is in West Tennessee.

My other jack is known as the Nath Spellings' jack. I bought him from Mr. Spellings upon the recommendation of the people who knew him and his breed, and who said he could not be beaten. I thank you one and all for past favors and will appreciate any favors you may show me in the future.
